BENEFIT SUMMARY

Cigna HealthCare of California, Inc.
For - The Bishop's School
HMO
BBD3 Select HMO (DRAFT)
Effective - 03/01/2026

Selection of a Primary Care Provider - This Plan requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. Until you make this designation, Cigna designates one for you. For information on how to select a primary care provider, and for a list of participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Referrals are required for a specialist visit - Your PCP must submit a referral for you to see a specialist, with only some exceptions. Exceptions include OB/GYN, Behavioral Providers and State Required Direct Access Providers.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Pharmacy	In-Network

- **Cigna 90 Now CVS:** Retail drugs for a 30-day supply may be obtained in-network at a wide range of pharmacies across the nation although prescriptions for a 90-day supply (such as maintenance drugs) will be available at select network pharmacies. Walgreens will be considered out-of-network for a 90-day supply.
- Cigna 90 Now Program: For specified maintenance medications, you must obtain a 90-day prescription (filled at either a 90-day network retail pharmacy or network home delivery pharmacy) for the medication to be covered by the plan. Otherwise, after three 30-day fill(s), you pay the entire cost of the prescription.
- Specialty medications are used to treat an underlying disease which is considered to be rare and chronic including, but not limited to, multiple sclerosis, hepatitis C or rheumatoid arthritis. Specialty Drugs may include high cost medications as well as medications that may require special handling and close supervision when being administered.
- When patient requests brand drug, patient pays the generic cost share plus the cost difference between the brand and generic drugs up to the cost of the brand drug (unless the physician indicates "Dispense As Written" DAW).
- Pharmacist will dispense the brand medication, and the patient will pay the generic cost share, when the medication is part of the Brand-for-Generic Substitution Program (DAW9).
- Your pharmacy benefits share an out-of-pocket maximum with the medical/behavioral benefits.
- When using a glucagon-like peptide 1 (GLP-1), it is important to have extra clinical care and support from your doctor and pharmacist. There are pharmacies in your plan's network that can help including Evernorth EnGuide℠ Pharmacy.

Drugs Covered

Prescription Drug List:
Your Cigna Standard Prescription Drug List includes a full range of drugs including all those required under applicable health care laws. To check which drugs are included in your plan, please log on to myCigna.com.
Some highlights:

- Coverage includes self administered injectables and optional injectable drugs – but excludes infertility drugs.
- Contraceptive devices and drugs are covered with federally required products covered at 100%.
- Insulin, glucose test strips, lancets, insulin needles & syringes, insulin pens and cartridges are covered.
- Oral fertility drugs are covered.

Pharmacy Program Information

Pharmacy Clinical Management: Essential

Your plan features drug management programs and edits to ensure safe prescribing, and access to medications proven to be the most reliable and cost effective for the medical condition, including:

- Prior authorization requirements
- Step therapy on select classes of medications and drugs new to the market
- Quantity limits, including maximum daily dose edits, quantity over time edits, duration of therapy edits, and dose optimization edits
- Age edits, and refill-too-soon edits
- Plan exclusion edits
- Current users of step therapy medications will be allowed one 30-day fill during the first three months of coverage before step therapy program applies.
- Your plan includes Specialty Drug Management features, such as prior authorization and quantity limits, to ensure the safe prescribing and access to specialty medications.
- For customers with complex conditions taking a specialty medication, we will offer Accredo Therapeutic Resource Centers (TRCs) to provide specialty medication and condition counseling. For customers taking a specialty medication not dispensed by Accredo, Cigna experts will offer this important specialty medication and condition counseling.

Patient Assurance Program

Your plan includes the Patient Assurance Program, which waives the deductible and reduces the amount you owe for certain medications used to treat chronic conditions included in the program. Additionally:

- Any amount you pay for these medications only count toward meeting your out-of-pocket maximum.
- Any discount provided by a pharmaceutical manufacturer for these medications only count toward meeting your out-of-pocket maximum.

Additional Information

Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

Cigna Diabetes Prevention Program in collaboration with Omada

Cigna Diabetes Prevention Program in collaboration with Omada is a program to help you avoid the onset of diabetes, as well as health risks that might lead to heart disease or a stroke. The program is covered by your health plan at the preventive level, just like for your wellness visit. Program participants have access to a professional virtual health coach, an online support group, interactive lessons, and a smart-technology scale. The program will help you make small changes in your eating, activity, sleep, and stress to achieve healthy weight loss through a series of 16 weekly lessons and tools to help you maintain weight loss over time. You will also be offered the opportunity to join a gym for a low monthly fee and no enrollment fee.

Comprehensive Oncology Program • Care Management outreach • Case Management	Included
Healthy Pregnancies/Healthy Babies • Care Management outreach • Maternity Case Management • Neo-natal Case Management	$150 (1st trimester) / $75 (2nd trimester) - Option 3

Additional Information

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the in-network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (out-of-network) provider.
2. The allowable amount used to determine the plan's benefit payment for covered Emergency Services rendered in an out-of-network hospital, or by an out-of-network provider in an in-network hospital, is the amount agreed to by the out-of-network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable in-network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the out-of-network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay Secondary to Medicare Part A and B as follows:
(a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent Spouse and/or Dependent Child(ren), including a former Employee's Domestic Partner, or a COBRA continuant (whose insurance is continued for any reason), and who is also eligible for Medicare due to age or disability;
(b) an Employee's Domestic Partner who is also eligible for Medicare due to age;
(c) an Employee, a former Employee, an Employee's or former Employee's Dependent Spouse and/or Dependent Child(ren), an Employee's Dependent, including a Domestic Partner, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Definitions

Coinsurance - The portion of covered expenses you are responsible for is called Coinsurance.
Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.
Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.
Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.
Place of service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.
Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.
Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists
Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

What's Not Covered (not all-inclusive):
Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility; provided, however, that this exclusion shall not operate to exclude coverage for services provided to a Member confined in a city or county jail or in a juvenile facility, solely because of such confinement, or for services provided to a Member while confined in a state hospital, solely because the services were provided in a state hospital.
- Services required by state or federal law to be supplied by a public school system or school district that are directed by or coordinated through the public school system or the school district rather than through a Participating Provider other than those services described under Section IV. Covered Services and Supplies, Autistic Disorders.
- Charges for which you are not obligated to pay or for which you are not billed or would not have been billed except that you were covered under this Agreement.
- Assistance in the activities of daily living, including but not limited to, eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- Any services and supplies for or in connection with experimental, investigational and unproven services as defined in "Section I. Definitions of Terms Used in this Group Service Agreement."
- Cosmetic surgery or therapy except as specified in the "Reconstructive Surgery" section of "Section IV. Covered Services and Supplies."
- The following services are excluded unless Medically Necessary:
    - Macromastia or Gynecomastia Surgeries - Macromastia surgery is the surgical excision of enlarged female breast tissue, skin and fat in order to decrease the size of the breast. Gynecomastia surgery is a procedure to treat benign enlargement of the male breast;
    - Surgical treatment of varicose veins;
    - Abdominoplasty - Abdominoplasty, also referred to as a "tummy tuck" is a surgical procedure that tightens a lax anterior abdominal wall and removes excess abdominal skin (panniculectomy component). It is generally to improve appearance by recontouring the abdominal wall area;
    - Panniculectomy - Panniculectomy is the surgical excision of redundant panniculus adiposus (the superficial fascia which contains an abundance of fat tissue);
    - Rhinoplasty;
    - Blepharoplasty - Blepharoplasty refers to the surgical excision of redundant tissues (muscle, fat, skin) of the eyelids;
    - Redundant skin surgery;
    - Removal of skin tags.

Exclusions

- The following services are excluded from coverage regardless of clinical indications:
  - Acupressure;
  - Craniosacral/cranial therapy - Craniosacral therapy (CST), also called cranial therapy, is an unproven non-invasive treatment that utilizes diagnostic touching to detect reported pulsations and rhythms of the flow of cerebrospinal fluid to effect a release of possible restrictions without the use of forceful manipulation. CST has been utilized for a variety of both musculoskeletal and general medical conditions. Some reported clinical applications of CST include acute systemic infections, chronic pain conditions, localized infection, dysfunctions of the viscera (e.g., ulcerative bowel conditions, asthma), depression, strabismus, auditory problems, developmental delay, and autism. The safety and efficacy of this treatment has not been proven. If you feel that any of these services have been denied on the basis of being experimental, you may seek an appeal through the "Independent Medical Review for Experimental and Investigational Therapies and Disputed Health Care Services" under "Section III. Agreement Provisions";
  - Dance therapy;
  - Applied kinesiology - Applied kinesiology is a system using muscle testing as a functional neurological evaluation. The methodology is concerned primarily with neuromuscular function as it relates to the structural, chemical and mental physiologic regulatory mechanisms. A.K., which originated within the chiropractic profession, is an approach to clinical practice, with multidisciplinary applications. The safety and efficacy of this technique has not been proven. If you feel that any of these services have been denied on the basis of being experimental, you may seek an appeal through the "Independent Medical Review for Experimental and Investigational Therapies and Disputed Health Care Services" under "Section III. Agreement Provisions";
  - Rolfing;
  - Prolotherapy - Prolotherapy is the injection of a solution for the purpose of tightening and strengthening loose or weak tendons, ligaments or joint capsules through the multiplication and activation of fibroblasts. The safety and efficacy of this treatment has not been proven. If you feel that any of these services have been denied on the basis of being experimental, you may seek an appeal through the "Independent Medical Review for Experimental and Investigational Therapies and Disputed Health Care Services" under "Section III. Agreement Provisions"; and
  - Extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions - Extracorporeal shock wave therapy (ESWL) is a noninvasive treatment that involves delivery of 1000 to 3000 shock waves to the painful musculoskeletal region, and has been proposed as an alternative to surgery. The mechanism by which ESWL might work to relieve pain associated is unknown and the efficacy has not been proven. If you feel that any of these services have been denied on the basis of being experimental, you may seek an appeal through the "Independent Medical Review for Experimental and Investigational Therapies and Disputed Health Care Services" under "Section III. Agreement Provisions".
- Dental treatment of the teeth, gums or structures directly supporting the teeth, including dental x-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. However, charges made for services or supplies provided for or in connection with an accidental injury to teeth are covered.
- Medical and surgical services intended primarily for the treatment or control of obesity. However, treatment of clinically severe obesity, as defined by the body mass index (BMI) classifications of the National Heart, Lung and Blood Institute (NHLBI) guideline is covered only at approved centers if the services are demonstrated, through existing peer-reviewed, evidence-based scientific literature and scientifically-based guidelines, to be safe and effective for treatment of the condition. Clinically severe obesity is defined by the NHLBI as a BMI of 40 or greater without comorbidities, or 35-39 with comorbidities. The following are specifically excluded:
  - Medical and surgical services to alter appearances or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity, unless Medically Necessary or as specified in the "Reconstructive Surgery" section of "Section IV. Covered Services and Supplies"; and
  - Weight loss programs or treatments, whether prescribed or recommended by a physician or under medical supervision.
- Unless otherwise covered as a basic benefit, reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court ordered, forensic, or custodial evaluations.

Exclusions

- Court ordered treatment or hospitalization, unless such treatment is being sought by a Participating Physician or otherwise covered under "Section IV. Covered Services and Supplies."
- Reversal of male and female voluntary sterilization procedures.
- Treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasmia, and premature ejaculation. However, Medically Necessary treatment and penile implants are covered when an established medical condition is the cause of erectile dysfunction.
- Medical and hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under the Agreement.
- Non-medical counseling or ancillary services including but not limited to, Custodial Services, education, training, vocational rehabilitation, biofeedback, neurofeedback, hypnosis, sleep therapy, employment counseling, back school, return-to-work services, work hardening programs and driving safety. Behavioral training and services, educational therapy or other non-medical ancillary services for learning disabilities, developmental delays, or mental retardation are also excluded except as specified in the "Severe Mental Illness of a Member of any Age and Serious Emotional Disturbances of a Child" section of "Section IV. Covered Services and Supplies."
- Consumable medical supplies other than ostomy supplies, urinary catheters and diabetic supplies. Excluded supplies include, but are not limited to, bandages and other disposable medical supplies including skin preparations, except as specified in the "Inpatient Hospital Services", "Outpatient Facility Services", "Diabetic Services", "Diabetic Supply Coverage", "Durable Medical Equipment" and "Home Health Care Services", sections of "Section IV. Covered Services and Supplies."
- Private hospital rooms and/or private duty nursing except as provided in the "Home Health Care Services" section of "Section IV. Covered Services and Supplies." or unless determined to be Medically Necessary by the Healthplan Medical Director in consultation with the Member's treating Physician.
- Personal or comfort items such as personal care kits provided on admission to a hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of illness or injury.
- Artificial aids including, but not limited to, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- Corrective orthopedic shoes, unless medically necessary or as specified in the "Orthoses and Orthotic Devices" section of "Section IV. Covered Services and Supplies".
- Hearing aids, including, but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- Aids or devices that assist with non-verbal communications, including, but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- Routine refraction.
- Corrective eyeglass lenses and associated services (prescription exams and fittings), including eyeglass lenses and frames and contact lenses, except for the first pair of corrective lenses, or the first set of eyeglass lenses and frames and associated services for treatment of keratoconus or following cataract surgery.
- Eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- Treatment by acupuncture.
- All prescription drugs, non-prescription drugs, injectable prescription drugs that do not require physician supervision and are typically considered self-administered drugs, and investigational and experimental drugs (except as specified in "Independent Medical Review for Experimental and Investigational Therapies and Disputed Health Care Services" under "Section III. Agreement Provisions"), and "Section IV. Covered Services and Supplies."
- Routine foot care, including the paring and removing of corns and calluses and toenail maintenance. However, foot care services for diabetes, peripheral neuropathies, and peripheral vascular disease are covered.
- Membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- Dental implants for any condition.

Exclusions

- Genetic screening or pre-implantation genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically-linked inheritable disease, except as provided in the "Genetic Testing" section of "Section IV. Covered Services and Supplies."
- Fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the Healthplan Medical Director's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- Blood administration for the purpose of general improvement in physical condition.
- Cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- Cosmetics, dietary supplements and health and beauty aids.
- Enteral feedings, supplies and specialty formulated medical foods that are prescribed and non-prescribed, except for infant formula needed for the treatment of inborn errors of metabolism.
- Massage therapy.
